Community Tree For Ste. Genevieve.

Thanks to the public spirit and generous work of some of the leading members of this community, Ste. Genevieve will enjoy again this year, the pleasant spectacle of a Community Christmas Tree.

Owing to circumstances it was necessary to purchase outright the colored lights and other trimmings, and those who have been approached have assisted liberally in raising about one-half of the purchase price. To all who wish to contribute, the L. B. F. will present a suitable opportunity, by giving a euchre for the purpose on Monday, January 3, 1921. Any surplus will revert to the treasury of the L. B. F.

A public Christmas tree is to the community not only an ornament, but above all an interesting symbolic presentation of the Yuletide message. The tree itself, of the hardy perennial variety, stands in opposition to that central tree of paradise, "whose mortal taste brought death into this world and all our woe," whereas he that shall partake of the fruit of this Tree shall live. The lights, constituting its principal adornment,

remind us of the "Light of the World," a fitting object lesson to those who sitting in darkness would direct our destinies according to the ancient superstition of the Gentiles. The delicate ornaments, a corruption of the fruits and pastries which in former times decorated the tree, point to the source whence all good gifts and all perfect gifts come. The pleasing ensemble (in its light and its color) adds somewhat of joy and gladness to our workaday lives, and its evergreen hue refreshes in us the abiding hope of the greater lasting good that shall be ours in the future.
